MEET MICHAEL

Great live music. Simple planning.

I'm a singer and acoustic guitarist with several years of experience performing live at weddings, private events, bars and venues across the UK.

My repertoire spans modern pop, indie and acoustic favourites through to classic songs that bring generations together - from Fleetwood Mac, ABBA and The Eagles to Paolo Nutini, Coldplay, The Kooks, Sam Fender and Harry Styles.

I'm expanding my wedding diary across Worcestershire, the Cotswolds, West Midlands and surrounding areas. My approach is simple: great live music without making the planning complicated.

I'll understand the atmosphere you want, learn the songs that matter to you and coordinate the practical details with your venue. On the day, you can leave the music to me.
